## LOGLINE

A showdown between an ambitious actress, her shady business partner, and a Hollywood Diva turns into a 3-way double-cross.

## SYNOPSIS

On the outskirts of town, Lily reluctantly meets Howard with pictures of what seems to be his infidelity. Soon, we realize that Howard is not her ex-lover, but rather her stalker -- A stalker for *hire*.

Riding in on her motorcycle to break up the party is a notorious Hollywood Diva. She is *also* working with Howard, but demands her money back after discovering he's been "2 Timing" her with Lily.

Trapped in the realization that both of his clients have been using their own stalking skills against him, Howard throws a tantrum over being bypassed and the possibility of losing all of his fees. In an attempt to reclaim his advantage, he ousts Lily and drives a hard bargain with the Diva -- Deal points, a 401k, and postage are feverishly negotiated as Lily weeps in the back of her car.

When a scream is heard, Lily emerges from the vehicle. She unveils her new plan to use a little girl-on-girl stalking to up the ante, save a buck, and break open her and the Diva's publicity potential. The two women seal the deal on a barter arrangement that leaves Howard outmaneuvered, and searching for the next client in need of his unique set of skills.

## AMBER STEVENS WEST AS *LILY*

Amber is best known for her role as "Ashleigh Howard" in the ABC Family series, *Greek* (2007) and "Maya" in *22 Jump Street* (2014). Recently Starz announced the comedy series *Run the World*, starring Amber, from producer Yvette Lee Bowser.

## STEVEN WEBER AS *HOWARD*

This Queens-born actor has proven himself adept at everything from quirky comedy to flat-out melodrama. Best Known for his performance as "Brian Hackett" on the acclaimed TV Comedy *Wings*, you can currently catch him starring in *Indebted* with Fran Drescher, and on *13 Reasons Why*.

## JANE KACZMAREK AS *DIVA*

Renowned for her role as Malcolm's control-freak mother, "Lois", on the Fox television sitcom *Malcolm in the Middle* (2000—2006), which earned her three Golden Globe Award and seven Primetime Emmy Award nominations, Jane continues to perform in film, television, and the stage.

# OUR STORY

2 Timers was born from the mind of Todd Waring. While workshopping the script he approached longtime colleague Tim Aslin to direct, along with his partner Shane Cibella. The team then went to work on expanding the story and executing their collective vision.

Wanting to focus on the tension between the old guard of Hollywood and the new generation, the idea of framing the story in a modern day Western aesthetic began to take shape.

Between the ever-shifting power dynamics of the characters as a reflection of the changing times in the industry, it was important to have the two women ultimately band together to leave the proverbial 'old white guy' behind.

Aslin & Cibella have been working on projects that focus on social issues through multiple lenses including performative call to action, avant garde, and satire.

Waring continues to write scripts.  
And poetry about robots.

# DIRECTORS, ASLIN & CIBELLA

Tim Aslin & Shane Cibella have been directing, writing, and producing together over the past 12 years, culminating in the creation of their production company Silent Thunder Films.

Their satirical series *Devil's Couriers* became widely viewed online, depicting a hapless motorcycle gang attempting to corner the male enhancement market with a product known as "Bonera".

Now Aslin & Cibella are turning their attention to feature film as they expand their pursuits with originally written content, while also including partnerships such as the one that brought you '2 Timers'.

"In production, we strive to provide those involved the opportunity for creative input to enhance the story and strengthen the emotional bond with the audience. Our goals have always been to inspire creative breakthroughs with our process, and exceed expectations with our product."

## Previous Highlights:

- Winners of "Best Digital Series" - Chicago Comedy Film Festival
- 42 Episodes of *Devil's Couriers*
- Official Selection - NewFilmmaker's LA
- "Creators to Watch" - Movie Maker Magazine

# SCREENWRITER, TODD WARING

Todd Waring works as an actor and a writer. He's best known for reprising Tom Hanks' role in *Splash, Too*, and more recently for *ACS: The Assassination of Gianni Versace*, and as "Bruce Hendrie" in ABC Family's *Chasing Life*. He can currently be seen in M. Night Shyamalan's *Servant* as "Frank Pearce" on Apple TV.

Upon completing *Heartland*, a feature film co-written by Todd and currently streaming on Amazon, he began work on writing a number of short films. *2 Timers* is the first of three in the series -- each one a different genre and character exploration.

"For me the truth is rarely, if ever, found on the surface. I write about people facing situations that are sometimes disturbing, sometimes ludicrous, but always about the truths that sit beneath."

## Scripts:

- *Heartland* (Feature 2017)
- *2 Timers* (Short)
- *Whispering Pines* (Short)
- *Jerry & Ben* (Short)
- *Organica* (Pilot Treatment)
